PROJECTS

Code-Reviewer

Feb 2025

<!--StartFragment-->

Code Review AI Platform

- Engineered a full-stack application using React and Node.js that provides instant AI-powered code reviews
- Integrated Google's Gemini AI to analyze code quality, security vulnerabilities, and suggest improvements
- Designed a responsive dark-themed UI with real-time code highlighting and markdown rendering

<!--EndFragment-->

College Library System

Oct 2024 - Dec 2024

Developed a library management system where semesters are added, and each semester includes subjects with associated notes. Implemented backend APIs to manage subjects and notes for each semester.

Social Media App

Nov 2024 - Dec 2024

Built a social media platform with user authentication, post creation, and saving features. Added a search profile feature and functionality for users to manage and interact with posts.
